- A recognized degree or diploma in business, leadership, management or computing science
- At least 10 years of experience with project management and/or program management
- Proven success in managing project scope, schedule, cost and quality
- Experience with risk management
- Experience with stakeholder management
- Experience with group facilitation
- Excellent problem solving skills
- Excellent verbal and written communication skills
- Excellent collaboration skills
- Excellent interpersonal skills
- Strong focus on meeting commitments

Desirable Qualifications

- Project Management Certificate
- PMP designation from the Project Management Institute (PMI)
- ISP designation from the Canadian Information Processing Society (CIPS)
- Experience with business analysis
- Experience with management consulting
- Experience with performance coaching

You can expect to experience each of the following when you involve Beacon for Change:

- **Advice you can count on**
We only engage highly qualified consultants for the job. Our approach is honesty first, even when it's a hard message to deliver.
- **Results you can bank on**
By ensuring that the right people, processes, and tools are in place, you are assured of a higher return on your investment.
- **A friend you can lean on**
We are committed to your success, regardless of the challenges you may face in defining and achieving your goals.
